Profile

Motivated and detail-oriented Software Engineer with strong skills in full-stack development specially in MERN stack and vibe coding.

Professional Experience

04/2024 – 04/2025 Gujrat, Pakistan	Full-Stack Developer Developed a feature-rich e-commerce platform using the MERN stack, allowing users to submit custom clothing designs with AI-based image generation and a virtual try-on feature for real-time visualization. Integrated third-party APIs to enhance performance and built a comprehensive admin dashboard for managing products, users, and orders.
02/2024 – 04/2025 Gujrat, Pakistan	Frontend & Shopify Developer Designed and launched a professional Shopify store for a clothing brand with customized themes and dynamic product sections, and developed a responsive business website for Bhatti Construction featuring service highlights, project galleries, and inquiry forms. Ensured cross-device compatibility and implemented SEO-friendly code to boost user engagement and online visibility for both clients.
04/2025 – Present Gujrat, Pakistan	Freelance Portfolio Developed a range of MERN stack web applications for personal portfolio projects, including construction company websites, Shopify stores, and specialized platforms like a legal intake system for attorneys to manage client information. Also built "Atelier," an MVP inspired by Fiverr, featuring individual client dashboards for project uploads and streamlined service interactions. These projects demonstrate versatility in full-stack development, UI design, and user-focused functionality.

Education

2021 – 2025 Gujrat, Pakistan	BS Software Engineering <i>University of Gujrat, Hafiz Hayat Campus</i>
2019 – 2021 Phalia, Pakistan	FSc Pre Engineering <i>Punjab Group of Colleges</i>
